§ 758.3 Responsibilities of parties to the transaction.

All parties that participate in transactions subject to the EAR must comply with the EAR. Parties are free to structure transactions as they wish, and to delegate functions and tasks as they deem necessary, as long as the transaction complies with the EAR. However, acting through a forwarding or other agent, or delegating or redelegating authority, does not in and of itself relieve anyone of responsibility for compliance with the EAR.

(a) *Export transactions.* The U.S. principal party in interest is the exporter, except in certain routed transactions. The exporter must determine licensing authority (License, License Exception, or NLR), and obtain the appropriate license or other authorization. The exporter may hire forwarding or other agents to perform various tasks, but doing so does not necessarily relieve the exporter of compliance responsibilities.

(b) *Routed export transactions.* All provisions of the EAR, including the end-use and end-user controls found in part 744 of the EAR, and the General Prohibitions found in part 736 of the EAR, apply to routed export transactions. The U.S. principal party in interest is the exporter and must determine licensing authority (License, License Exception, or NLR), and obtain the appropriate license or other authorization, *unless* the U.S. principal party in interest obtains from the foreign principal party in interest a writing wherein the foreign principal party in interest expressly assumes responsibility for determining licensing requirements and obtaining license authority, making the U.S. agent of the foreign principal party in interest the exporter for EAR purposes. One writing may cover multiple transactions between the same principals. See § 748.4(a)(3) of the EAR.

(c) *Information sharing requirements.* In routed export transactions where the foreign principal party in interest assumes responsibility for determining and obtaining licensing authority, the U.S. principal party in interest must, upon request, provide the foreign principal party in interest and its forwarding or other agent with the correct Export Control Classification Number (ECCN), or with sufficient technical information to determine classification. In addition, the U.S. principal party in interest must provide the foreign principal party in interest or the foreign principal's agent any information that it knows will affect the determination of license authority, see § 758.1(g) of the EAR.

(d) *Power of attorney or other written authorization.* In routed export transactions, a forwarding or other agent that represents the foreign principal party in interest, or who applies for a

license on behalf of the foreign principal party in interest, must obtain a power of attorney or other written authorization from the foreign principal party in interest to act on its behalf. See § 748.4(b)(2) and § 758.1(h) of the EAR.

§ 758.4 Use of export license.

(a) *License valid for shipment from any port.* An export license issued by BIS authorizes exports from any port of export in the United States unless the license states otherwise. Items that leave the United States at one port, cross adjacent foreign territory, and reenter the United States at another port before being exported to a foreign country, are treated as exports from the last U.S. port of export.

(b) *Shipments against expiring license.* Any item requiring a license that has not departed from the final U.S. port of export by midnight of the expiration date on an export license may not be exported under that license unless the shipment meets the requirements of paragraphs (b)(1) or (2) of this section.

(1) BIS grants an extension; or

(2) Prior to midnight on the date of expiration on the license, the items:

(i) Were laden aboard the vessel;

(ii) Were located on a pier ready for loading and not for storage, and were booked for a vessel that was at the pier ready for loading; or

(iii) The vessel was expected to be at the pier for loading before the license expired, but exceptional and unforeseen circumstances delayed it, and BIS or the U.S. Customs Service makes a judgment that undue hardship would result if a license extension were required.

(c) *Reshipment of undelivered items.* If the consignee does not receive an export made under a license because the carrier failed to deliver it, the exporter may reship the same or an identical item, subject to the same limitations as to quantity and value as described on the license, to the same consignee and destination under the same license. If an item is to be reshipped to any person other than the original consignee, the shipment is considered a new export and requires a new license. Before

reshipping, satisfactory evidence of the original export and of the delivery failure, together with a satisfactory explanation of the delivery failure, must be submitted by the exporter to the following address: Operations Division, Bureau of Industry and Security, U.S. Department of Commerce, Room 2099B, 14th Street & Pennsylvania Avenue, NW., Washington, DC 20230.

(d) *Exports against license with approved name changes.* If you are exporting against a license with approved name changes under § 750.7(c)(2) of the EAR, prior to using that export license you are required to include in the respective name field in AES (e.g., in the USPPI name field in AES), the new name followed by the original name in this format “[new name] f.k.a. [original name].” This reporting requirement would be completed by the authorized filer of the electronic export information (EEI) in AES. Although not required, the exporter may include a copy of the BIS written response approving the non-material name changes in accordance with § 750.7(c)(2) of the EAR. If the items have already been exported against the license by the time the name changes are approved, you are not required to report this additional information in AES, but you still must follow the record-keeping requirements in part 762 of the EAR.

§ 758.5 Conformity of documents and unloading of items.

(a) *Purpose.* The purpose of this section is to prevent items licensed for export from being diverted while in transit or thereafter. It also sets forth the duties of the parties when the items are unloaded in a country other than that of the ultimate consignee or end user as stated on the export license.

(b) *Conformity of documents.* When a license is issued by BIS, the information entered on related export control documents (e.g., Electronic Export Information (EEI) filing, bill of lading or air waybill) must be consistent with the license.

(c) *Issuance of the bill of lading or air waybill—(1) Ports in the country of the*
